

*"United Against
Apartheid Israel!"*

Who are we and what do we do?

The Palestinian Solidarity Alliance (PSA) has its roots in a meeting convened on 11 April 2002 by the Lenasia-based Palestinian Solidarity Committee, which aimed to forge a “coalition for justice and humanity and to act as custodians of the rights of suffering humanity and protection of human dignity, no matter when or wherever it is violated, and, in this instance, (to pledge) support for the people of Palestine”.

The Palestine Solidarity Alliance (PSA) is a South African grassroots organization dedicated to promoting justice and equality for the Palestinian people.

Through education, advocacy, and activism, the PSA works to raise awareness about the ongoing struggles facing Palestinians and to support their efforts to achieve self-determination and freedom.

We invite one and all, irrespective of their racial, religious or cultural background to stand with us in solidarity with the oppressed people of Palestine.

Our Campaigns: Emergency Relief

Israel’s blockade and bombing of Gaza, as well as its strangulation of the West Bank,

force many Palestinians to live in hardship and poverty. The PSA fundraises to provide direct support to Palestinian communities in need.

Boycott. Divestment. Sanctions.

As part of the SA-BDS Coalition, affiliated to the Palestinian BDS National Committee, we heed the call of over 170 Palestinian unions and civil society groups in their campaign to end occupation and Apartheid.

Grassroots Education

We work with student movements, trade unions, community organisations, and the media to build solidarity amongst intersecting struggles and raise awareness about the plight of Palestine.
